

G2 51
N. Apparatus for printing, comprising:

means for producing dots of at least three different sizes on a record medium,

means for controlling the location of said dots on said record medium to produce characters,

means for supplying information of the characters to be printed to said producing means, and

means for controlling the dot sizes and intermeshing of different dot sizes so as to produce characters with smooth edges.

Claim 16, line 12 delete "a plurality of" and substitute therefor ~~—at least three—~~.

Claim 21, line 11 delete "a plurality of" and substitute therefor ~~—at least three—~~.

REMARKS

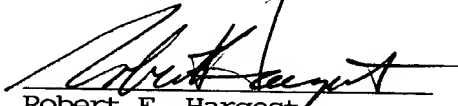

In the telephone conversation with the Examiner held on or about October 7, 1988, the Examiner brought to the attention of the Applicant that not all independent claims of the above entitled application were amended. The Applicant appreciates the Examiner bringing this to his attention, as these claims were intended to be amended in accordance with the amendments submitted with the other independent claims.

The Applicant apologizes for the oversight.

In view of the amendment after rejection filed previously in the above supplemental amendment after final rejection, this

case is deemed in condition for allowance, and such allowance is respectfully requested.

Respectfully submitted,

Robert F. Hargest
Attorney for Applicant(s)
